

ACCOUNTING & FINANCE

Diploma in Accounting • BSc (Hons) Accounting & Finance
ACCA Foundation in Accountancy (ACCA FIA) • ACCA Qualification

ACCOUNTING & FINANCE

Accounting and Finance is the measurement, process and communication of financial information of economic entities. The lecturers from the School of Business and Management bridge the gap between theories and application at the workplace with their expertise in a host of accounting and finance disciplines. The programme offers high quality business education with industry-relevant and innovative modules that adapt to the ever-changing world of business.

Our graduates are able to assimilate easily into the job market and are highly marketable and sought after by employers of choice.

University of
Salford
MANCHESTER

University of Salford
United Kingdom

The University of Salford, Manchester has over 100 years of history and experience from its humble beginning in the 19th Century during the great Industrial Revolution.

The University College Salford and the University of Salford finally merged into a single institution in 1996 – exactly 100 years after the formation of the original Royal Technical Institute.

Today the University has a successful global presence and a turnover of £189m. With the total of 7 schools, 20,000 students and 2,500 staff the University serves the needs of industry, commerce and education.

FACE TO FACE DELIVERY - PLATINUM

Association of Chartered Certified Accountants
Global Professional Accounting Body

Founded in 1904, the Association of Chartered Certified Accountants (ACCA) is the global professional accounting body offering the Chartered Certified Accountant qualification.

ACCA is the world's most forward-thinking professional accountancy body. From June 2016, ACCA recorded 188,000 members and 480,000 students in 178 countries.

ACCA works in the public interest of the public, assuring that its members are appropriately regulated. It promotes principles-based regulation. ACCA actively seeks to enhance the value of accounting in society through international research. It takes progressive stances on global issues to ensure accountancy as a profession continues to grow in reputation and influence.
